Massage Table

Massage tables are an integral part of the Training and Rehabilitation Center for the Blind's classrooms. They are used in every practical class and because of the frequency of use they need to be replaced regularly.

Course Books

Course books are specifically designed for the students at the Training & Rehabilitation Center for the Blind and facilitate their learning of theory for body systems.

Meals for a Student for a Month

Accommodations and meals are provided for all students so that they may stay at the Centre and devote their time to learning. \$130 will cover the cost of meals for one student for a month.

Practical Teacher for One Month

A group of dedicated teachers work tirelessly at the Training and Rehabilitation Center for the Blind to ensure students are taught all of the practical skills required to ply their trade including traditional massage & acupuncture.

Theoretical Teacher for One Month

Theoretical teachers teach students the theory of massage, along with the structures of the body and the effects of their movements.

Tuition, Accommodation & Meals for One Student

The Center gives visually impaired people the opportunity to study and find independence through sustainable work, granting them dignity. \$1000 will cover tuition costs, accommodation and meals for one student.
